

The PBA Offers A Tasteful Way to Advertise

During times when advertising dollars are tight and more lawyers are seeking tasteful, professional ways to market their practices, the Law Firm Profile section and the Firm-to-Firm section of the annual *Pennsylvania Bar Association Lawyers Directory & Product Guide* provide an excellent alternative.

Lawyers, their office personnel and clients use this resource as a tool for case referral. For decades lawyers and professionals in law-related fields such as banking, insurance and education have depended on this directory.

The *Directory* gives your firm more exposure in today's competitive market.

You get the advantage of writing your own profile, so you know exactly how your firm will be represented. In your profile, you list practice areas and provide biographical information on partners and associates, thus helping potential clients and colleagues get to know you and your business.

A listing in our Firm-to-Firm Referral Section can help position you to receive case referrals.

Order your Law Firm Profile or Firm-to-Firm line listing today for the *PBA Lawyers Directory & Product Guide*.

Adding a New Associate?

Don't hold off adding your new associate's biographical information to your profile. If you need to delete the information after the bar exam, we can do it quickly.

New Profiles

Please send us your new profile on computer disk or by email, along with a hard copy, double-spaced.

Headings

Please identify in ALL CAPS headings such as

- *MEMBERS OF THE FIRM
